

# AIR CONDITIONING SERVICE PLANS

## 2023 COOLING SEASON

Robertson Fuel Oil, Inc. is dedicated to ensuring that your air conditioning system runs at peak performance. We offer two plans that will provide assurance that your air conditioning is performing efficiently.

We perform maintenance on all brands of central air conditioning units.

Your satisfaction is our top priority

### Robertson Cooling Plan "A"

**A preventive maintenance service that includes the following:**

- Check air filter
- Check and clean condensing unit
- Check controls
- Check drip pan and drain
- Check electrical connections
- Check evaporator coil
- Check fan and motor
- Check fan belt
- Check operation
- Check refrigerant charge
- Check thermostat
- Check parts for visible wear

### Robertson Cooling Plan "B"

A preventative maintenance service as stated in Plan "A".

All labor on service calls for the cooling season.

All Work to be performed during regular business hours:  
Mon.-Fri., 8:00-4:00.

Plan "A" does not cover parts or service calls.

Plan "B" does not cover parts and does not include service required as a result of the customer's failure to: replace fuse, reset circuit breaker, or set thermostat properly.

Plan "B" does not cover labor for out-of-warranty compressors.

Plan "B" does not include labor replacement of cooling coils.

**Please detach and return this card WITH PAYMENT to:**

**ROBERTSON** Fuel Oil, Inc.
